Agenda Group 04a: Dec 1st

11:00   Announcements from TA and Opening by Chair

11:05   Review of the past week
    -    What has each member of the group worked on
    -    What have we decided together/what do we still need to decide
        -    How are we organizing checkstyles
    -    Does anyone have questions regarding what has happened
        -    When should we begin working on Sprint Retrospectives
        -    Should we implement 2 design patterns per microservice or per entire project?

11:15   Discuss meeting in Week 2.5 and/or 2.6

11:17   Overview of our UML Component Diagram
            Anna: I would also like to ask if our current Component Diagram makes sense

11:20   Is our progress sufficient? Advice from TA on how to structure the upcoming coding part of the assignment?

11:25   Closure / Final Questions
